## Message from the School

### Career-related Experiences: Non-paid job shadowing/ attachment positions

The “Other Learning Experiences (OLE)” is an essential component in the New Senior Secondary (NSS) curriculum and Career-related Experiences is one area of the OLE. “Career-related Experiences” encompasses a broad range of serial programmes/ activities organized by school which aim at helping the students obtain up-to-date knowledge about the world of work. It is believed that, through joining these career-related activities, students would be able to widen their perspectives, enhance their understanding on employability and work ethics, and reflect on their career aspirations and development.

The Career-related learning activities will be arranged in the coming summer vacation and you can support the School by offering job shadowing opportunities (a work experience option where students learn about a job by walking through the work day as a shadow to a competent worker) and/ or non-paid job attachment positions. The School is strongly convinced that, under your guidance, the students will be able to gain an insight into the mental and physical rigours of work. The awareness of these requirements at workplaces will undoubtedly help the students identify their interests, strengths and weaknesses and come up with a better decision with regard to the choice of academic programmes and occupations in future.

You can be partners in the provision of the Career-related learning experiences to help the students broaden their horizons. If you are interested in offering job shadowing opportunities and job attachment positions or arranging other types of career-related learning activities, please download the form at <http://www.wykpsa.org.hk/wp-content/uploads/2013/04/Invitation-to-Old-boys-v22.pdf>, complete and return the same to the School by 24 May 2013. Should you have any query, please contact Mr. K. K. Lee at [klee@wyk.edu.hk](mailto:klee@wyk.edu.hk)
