A Jesuit Secondary School

16 May 2014

Dear Alumnus,

Career-related Experiences: Non-paid job shadowing/attachment positions

The “Other Learning Experiences” (OLE) is an essential component in the New Senior Secondary (NSS) curriculum and “Career-related Experiences” is one area of the OLE. “Career-related Experiences” encompasses a broad range of serial programmes / activities organised by school which aim at helping the students obtain up-to-date knowledge about the world of work. It is believed that, through joining these career-related activities, students would be able to widen their perspectives, enhance their understanding on employability and work ethics, and reflect on their career aspirations and development.

The Career-related learning activities will be arranged in the coming summer vacation and you can support our work by offering job shadowing opportunities (a work experience option where students learn about a job by walking through the work day as a shadow to a competent worker) and/or non-paid job attachment positions. We are strongly convinced that, under your guidance, our students will be able to gain an insight into the mental and physical rigours of work. The awareness of these requirements at workplaces will undoubtedly help our students identify their interests, strengths and weaknesses and come up with a better decision with regard to the choice of academic programmes and occupations in future.

You can be our partners in the provision of the Career-related learning experiences to help our students broaden their horizons. If you are interested in offering job shadowing opportunities and job attachment positions or arranging other types of Career-related learning activities, please kindly complete the form attached and return it to us by 13 June 2014. Should there be any query, please do not hesitate to contact Mr. K. K. Lee at kklee@wyk.edu.hk.

Thank you very much.

Yours sincerely,

Chung Wai Leung Warren
Principal
