According to our School management, the aim of Jesuit education is to unlock young Wahyanites' potential through, inter alia, whole person development and other learning experiences. Besides small class teaching, our School needs more resources to provide coaching on high order reflective thinking skills, leadership, teamwork and other area of personal development, such as sports and music, for our Wahyanites.

In order to achieve the three objectives of our School, namely, small class teaching, whole person development of our current students and campus maintenance, two Wah Yans will need no less than HK\$12 millions each year. **Therefore, our School management has set a fundraising target of HK\$60 million during the 95th/ 90th School Anniversaries Fundraising Campaign.**

In order to achieve this target, surely your support is important! Let's support our School together!
